Calla Supporter

Pioner Multi III Safety and Work boat P2 and P4 Certified

It's in the name. Pioner Multi is so cleverly designed that the range of use extends from rescue service boat to fishing boat, from diving boat to the perfect utility boat. with its numerous practical advantages and generous load capacity.

The bow door is lowered with a stainless steel winch and facilitates disembarking and boarding and loading/unloading. It is easy to plane and extremely seaworthy.

The seatboxes can be removed in minutes to create an open work deck.

She is fully road transportable for delivery to your worksite and for your environmental policies all our vehicles are electric or fuelled with HVO (Hydro Treated Vegetable Oil).

In addition to the standard features she is also equipped with:

- Sidescan
- VHF DSC
- Echosouder
- Electronic chart
- GPS/GPS gyro
